University of Ghana — Computer Science

About Me

I'm a Computer Science undergraduate at the University of Ghana with a passion for visual storytelling and brand design — I genuinely love designing. I've been creating content for a while, with a strong eye for trend-driven, aesthetic visuals — though I took a step back from active content creation recently. Due to losing access to my previous Canva account, this portfolio features a select few recent designs, with more to come as I rebuild my archive. I combine AI-assisted content tools with hands-on design software to create graphics, promotional material, and social media content that looks polished and on-brand.

Skills

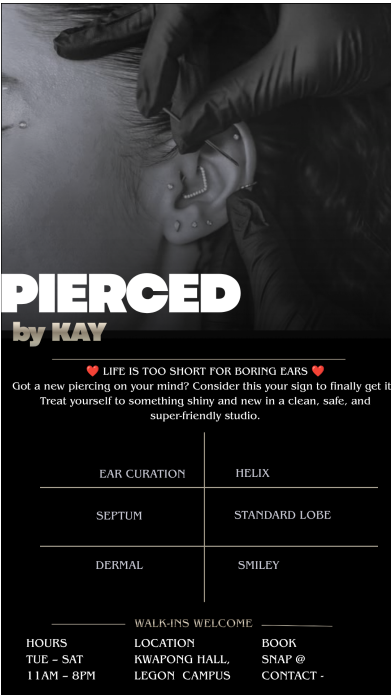

AI & Content Tools	ChatGPT, Gemini, Prompt Engineering
Design & Editing	Canva, CapCut, Visual Storytelling, Brand Layouts
Web & Computer Skills	Basic Web Design, MS Office, File Management, Troubleshooting
Social Media & Trends	Instagram & TikTok Trend Analysis, Short-Form Video Editing, Caption & Hook Copywriting

Professional Attributes

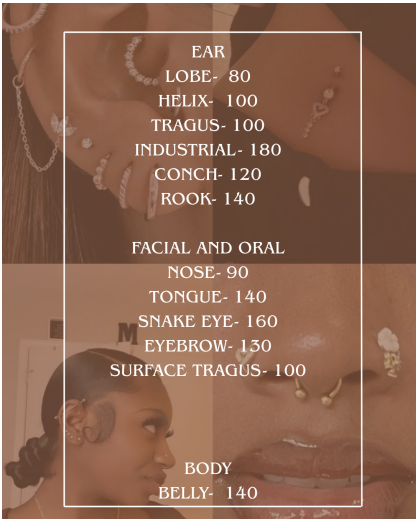

Highly Organized • Proactive Problem Solver • Fast Feedback Implementation • Deadline-Driven

Piercing Studio Brand Campaign

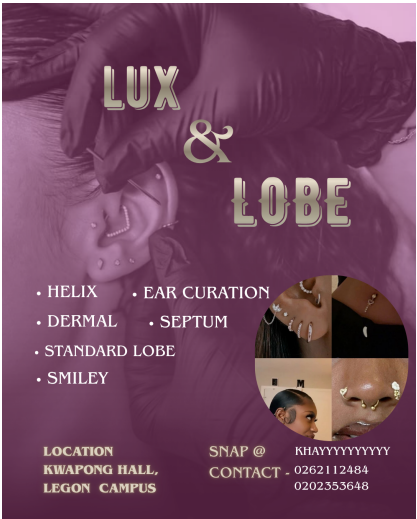

A full promotional design suite created in Canva for a campus-based piercing studio (Kwapong Hall, Legon Campus). The set includes an Instagram-style brand poster, a service price list, and a bold promotional flyer — designed with a consistent visual identity across warm, editorial-style photography and elegant serif typography.

Promotional flyer — social media ready

Service price list design

Brand poster — service menu & identity

Project 02

Campus Association Campaign Poster

A campaign poster designed for a University of Ghana Association of Students of Social Work (ASSOW) executive candidate. Built in Canva, the design uses bold color-blocking, official crest placement, and a clear typographic hierarchy to communicate the candidate's role and campaign message at a glance.

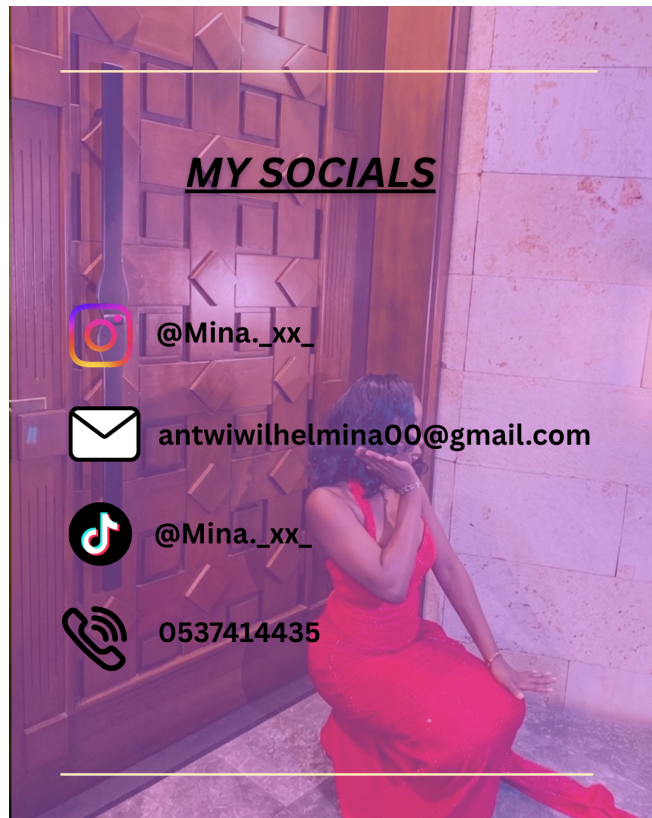

Leading with purpose and serving with heart
Accountable. Action-driven. Mission-focused.

Election campaign poster — ASSOW Organising Secretary

Personal Social Media Contact Card

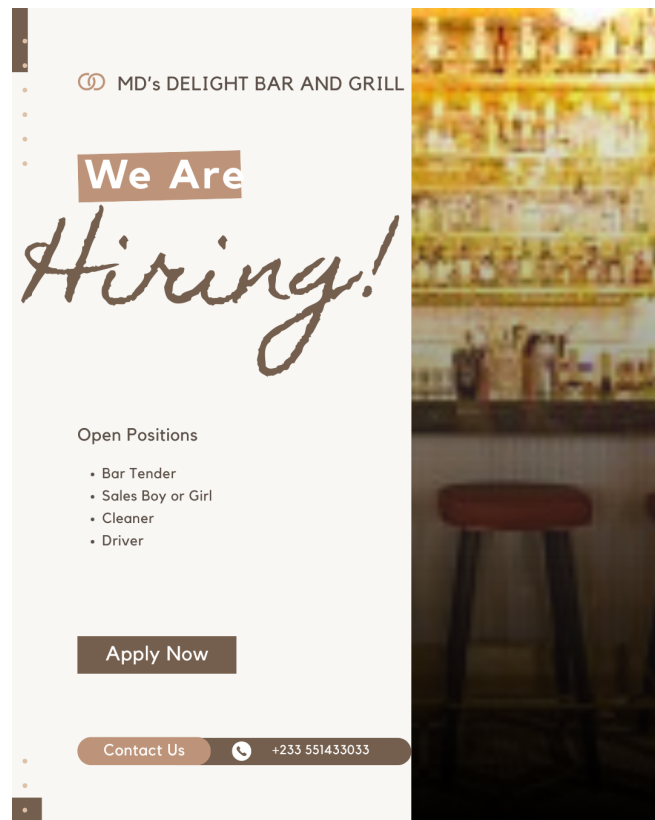

A personal contact card designed in Canva, laying out social handles and contact details over a portrait photo with a soft color-tinted overlay. Clean icon-and-label rows keep the information easy to scan at a glance — a format that works well for digital business cards and link-in-bio graphics.

Personal contact card — social handles & details

Restaurant Hiring Flyer

A recruitment flyer designed in Canva for MD's Delight Bar and Grill. The layout pairs a warm, editorial bar photo with a clean text panel — bold callout for the headline, a simple list of open positions, and clear call-to-action buttons for applying and getting in touch.
